## ARIZONA CORPORATION COMMISSION

200 MAR 31 P 3:54

March 31, 2010  
DOCKET CONTROL

**ORIGINAL**

Ms. Deborah R. Scott  
Senior Regulatory Attorney  
Pinnacle West Law Department  
400 North Fifth Street  
Phoenix, AZ 85004

RE: COMMUNITY POWER PROJECT – FLAGSTAFF PILOT (DOCKET NO. E-01345A-09-0227)

Dear Ms. Scott,

Let me start by thanking Arizona Public Service (“APS”) for the prompt response to my letter of March 8, 2010. Those responses were helpful. However, it prompted additional questions.

I would really appreciate it if APS can respond to the following questions at the Open Meeting scheduled for April 1, 2010:

1. Please explain to me in detail the benefit to the participating rate payers, since all the power produced goes to APS.
2. According to the Company’s applications the participating customers are guaranteed a specific number of solar kwh. What happens if the PV generates more than the guaranteed kwh?
3. If there is damage to the roof, who is responsible for the repairs:
  - a) during the course of construction;
  - b) after or subsequent to construction.
4. How long will it take for the repair?

Arizona Corporation Commission

5. What happens to the solar panels if the customer needs to have a new roof installed due to typical wear and tear?

Sincerely,

  
SANDRA D. KENNEDY  
Arizona Corporation Commissioner
